Mr. Michael Rakauskas
Staff Attorney
Texas Board of Veterinary Medical Examiners

OR2022-39630

Dear Mr. Rakauskas:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 991732 (ORR# 22-090).

The Texas Board of Veterinary Medical Examiners (the "board") received a request for information pertaining to a specified case. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information made confidential by former section 801.207(b) of the Occupations Code, which provides:

Each complaint, investigation file and record, and other investigation report and all other investigative information in the possession of or received or gathered by the board or the board's employees or agents relating to a license holder, an application for license, or a criminal investigation or proceeding is privileged and confidential and is not subject to discovery, subpoena, or other means of legal compulsion for release to anyone other than the board or the board's employees or agents involved in discipline of a license holder.

Act of May 29, 2017, 85th Leg., R.S., S.B. 319, §§ 11, 27 (change to section 801.207(b) applies to a complaint filed with the board on or after September 1, 2017); Act of May 26, 2021, 87th Leg., R.S., H.B. 3442, § 2 (a complaint filed with the board before September 1, 2021, is governed by the law in effect on the date the complaint was filed and former

section 801.207(b) is continued in effect for that purpose). The board states, under its procedures, an investigation file is opened upon receipt of a complaint, and any matters related to that complaint and subsequent investigation become part of the investigation record. Further, the board informs us the submitted information relates to complaints filed with the board after September 1, 2017, and this information is contained within the investigation files. The board also informs us section 801.207(d) does not apply. *See* Occ. Code § 801.207(d) (establishing circumstances in which the board shall provide the license holder with access to information). Therefore, based upon these representations and our review, we conclude the submitted information is confidential under former section 801.207(b) of the Occupations Code, and the board must withhold it under section 552.101 of the Government Code on that basis.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
