

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

December 20, 2022

Mr. Sean Daredia
Assistant City Attorney
City of Dallas
1500 Marilla Street, 7DN
Dallas, Texas 75201

OR2022-39731

Dear Mr. Daredia:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 986837 (ORR# C006382-070522).

The City of Dallas (the "city") received a request for information pertaining to a specified crime database. You claim the submitted information is excepted from disclosure under sections 552.101 and 552.139 of the Government Code.¹ We have considered the exceptions you claim and reviewed the submitted representative sample of information.²

Section 552.139 of the Government Code provides, in relevant part:

(a) Information is excepted from [required public disclosure] if it is information that relates to computer network security, to restricted information under Section 2059.055 [of the Government Code], or to the design, operation, or defense of a computer network.

(b) The following information is confidential:

¹ We note, and you acknowledge, the city did not comply with section 552.301 of the Government Code in requesting a ruling from this office. *See* Gov't Code § 552.301(b), (e). Nonetheless, because sections 552.101 and 552.139 of the Government Code can provide compelling reasons to overcome the presumption of openness, we will consider their applicability to the submitted information. *See id.* §§ 552.007, .302, .352.

² We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent those records contain substantially different types of information than that submitted to this office.

- (1) a computer network vulnerability report;
- (2) any other assessment of the extent to which data processing operations, a computer, a computer program, network, system, or system interface, or software of a governmental body or of a contractor of a governmental body is vulnerable to unauthorized access or harm, including an assessment of the extent to which the governmental body's or contractor's electronically stored information containing sensitive or critical information is vulnerable to alteration, damage, erasure, or inappropriate use; [and]
- ...
- (4) information directly arising from a governmental body's routine efforts to prevent, detect, investigate, or mitigate a computer security incident, including information contained in or derived from an information security log.

Gov't Code § 552.139(a), (b)(1)-(2), (4). Section 2059.055 of the Government Code provides, in pertinent part:

(b) Network security information is confidential under this section if the information is:

- (1) related to passwords, personal identification numbers, access codes, encryption, or other components of the security system of a governmental entity;
- (2) collected, assembled, or maintained by or for a governmental entity to prevent, detect, or investigate criminal activity; or
- (3) related to an assessment, made by or for a governmental entity or maintained by a governmental entity, of the vulnerability of a network to criminal activity.

Id. § 2059.055(b). You assert the submitted information “consists of computer coding language which provides instructions to access a secured, internal database which contains sensitive and confidential data[.]” You state release of the information at issue would reveal “technical aspects necessary to ascertain the construction, layout, design, strengths, and potential weaknesses of the [c]ity’s internal and secured database structure.” Based upon your representations and our review, we find section 552.139 is applicable to the information at issue. Accordingly, the city must withhold the submitted information under section 552.139 of the Government Code.³

³ As our ruling is dispositive, we need not address your remaining argument against disclosure of the submitted information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at <https://www.texasattorneygeneral.gov/open-government/members-public/what-expect-after-ruling-issued> or call the OAG's Open Government Hotline, toll free, at (877) 673-6839. Questions concerning the allowable charges for providing public information under the Public Information Act may be directed to the Cost Rules Administrator of the OAG, toll free, at (888) 672-6787.

Sincerely,

Colin Henry
Assistant Attorney General
Open Records Division
